CODE OF CONDUCT

The Shawnee Mission School District has the expectation that all interactions by staff, students, parents, and community members be conducted with professionalism, courtesy, dignity, and respect. This includes personal and private interactions as well as behaviors at any school-sponsored activity, both on and off school grounds.

Behaviors that are prohibited include those that are coercive, intimidating, violent, or harassing. Examples of prohibited behavior include, but are not limited to, use of profanity, personally

insulting remarks, attacks on a person's race, gender, nationality, religion, or behavior that disrupts learning or the safety of anyone in the environment. Such interactions could occur in telephone conversations, voice mail messages, face-to-face conversations, written letters, e-mail messages, or at public events.

The goal of these expectations is to maintain an environment that is ethical, legal, and non-abusive towards all parties.

ATTENDANCE

Shawnee Mission K-12 Attendance Guidelines

All students enrolled in the Shawnee Mission School District shall be required to attend school on a regular basis to provide students the opportunity to be successful. Daily attendance records shall be maintained for each student. Absences are at times unavoidable due to illness or family concerns. The Shawnee Mission K-12 guidelines represent an effort to be fair in dealing with absences and to encourage good attendance. Building principals are responsible for enforcing Kansas State Statutes and district attendance guidelines.

The Shawnee Mission School Board has approved six (6) reasons for students to be excused from school. The reasons are as follows:

- Personal illness. (Doctor/Dental/Medical appointments) The school may, with notice to the parent, require verification from a physician of absences due to reasons of health.
- Serious illness or death of a member of the family.
- Obligatory religious observances of the student's own faith.
- Emergency situations requiring immediate action.
- Participation in a Kansas State High School Activities Association activity, a district-approved function, or a school-sponsored activity.
- An absence that has been requested in writing and approved in advance by the building administration.

High school attendance will be monitored from 7:40 a.m. to 2:40 p.m. Students are expected to attend school daily and arrive on time.

At the secondary level any student arriving within the first ten minutes of a class period will be considered tardy. Arrival after that time will be recorded as an absence. Excessive tardies will be combined with other unexcused absences for truancy purposes.

If a student arrives late or leaves early for up to three hours, or is gone for three hours during the day for an appointment described above it will be counted as a half-day excused absence. We

encourage students to return to school as soon as possible from appointments during the school day. **High school attendance is in session from 7:40 a.m. to 2:40 p.m.** Students are expected to attend school daily and arrive on time.

K-12 Reporting and Recording of Absences

- An **unexcused absence** is one that has been classified as such by the building administration. An absence will be classified unexcused if it does not fit one of the board's six stated reasons for excusable absence or if the parent or legal guardian does not follow the building attendance procedure.
- Parents or legal guardians are expected to call the building's attendance line to report daily absences, late arrivals, or early dismissals. If a call is not received, school personnel will attempt to contact the parent. If no contact is made within 48 hours, the absence will be counted as unexcused.
- Absences by parent request for family and personal reasons are acceptable provided arrangements are made through the building principal in advance of the absence. These absences will count toward total absences. Students are responsible to complete all make-up work. Students are encouraged to complete work prior to absences when possible.
- Students with excessive absences are at risk of losing credit and/or not mastering grade level standards.
- When a student has reached **7 absences** during the school year, the parents will be sent a reminder letter. After **10 absences**, documentation will be required for all future absences. It is required for each subsequent absence/tardy for illness and appointments the student brings a doctor's note documenting the reason for the absence.
- Per state truancy laws and the Shawnee Mission School District truancy policy, if a student has three (3) unexcused absences in a row, five (5) in a semester, or seven (7) in a year, a truancy report will be filed with the Johnson County District Attorney's office and the parents will be notified. If the student is under the age of seven (7), a report will also be made with the Department of Children and Families (DCF).
- At any time a student's school attendance is a concern, the building administration may require a meeting with the parent or legal guardian to address the issue.

BUS SERVICE

The school district will pay for bus service to and from school for those students who attend the school serving the area of the student's residence and reside **more than two and one-half miles** from the school. Contact the school office for information about bus service. In some cases bus transportation may be provided for students who reside less than two and one-half miles from the school. Contact the bus company directly for more information. To help ensure compliance

with necessary safety rules, video cameras may be used on school buses. Violations of bus regulations may result in the student receiving appropriate disciplinary actions, which may include being removed from the bus, and/or suspended from school. When late buses are available, all students living in the attendance area, even if they live within the two and one-half miles from the school, may ride the late bus home.

COMMUNICATION

Report cards are posted in Skyward for review four (4) times per year. Parents may access student grades through Skyward at any point during the school year. Teachers will be in communication with parents of students who are failing or doing unsatisfactory work. All parents are encouraged to confer with the classroom teacher during fall and spring conference times. Any additional concerns may be addressed with the classroom teacher or building administrator. Parents are urged to participate in PTA and to attend school activities.

DISCIPLINE

BOE: JCDA

The superintendent of schools, or his/her designee, is hereby authorized to promulgate and enforce reasonable guidelines, procedures and rules governing student management and conduct in the schools; subject to board approval. Procedures and guidelines shall be established to assist all school employees in proper student management.

Violation of any provision of board policies may result in disciplinary action up to and including suspension and expulsion.

Discipline Legend and Matrix

Disciplinary Action Charts (Policy JCD)

The goal of SMSD is to ensure relationships are developed to foster a positive environment for students to remain in school. This Legend and Matrix is designed in such a way to achieve this goal. The charts on the following pages list infractions and a legend of progressive action categories of consequences intended to be applied in a reasonable manner with consideration given to the facts and circumstances of each individual situation. Any category may be bypassed as deemed appropriate to address the severity of the action.

LEGEND OF ACTION CATEGORIES

- A. **Informal Talk by the Staff Member** attempts to reach an agreement with the student as to acceptable behavior, positive interactive relationships, and acceptance of responsibilities. Parents/guardians may be contacted in person or by phone, providing communication, seeking involvement, and support.
- B. **Formal Conference Between Student and Teacher** occurs outside class. A record is kept of the student's commitment to corrective behavior. Parental/guardian contact in person or by phone, providing information, seeking involvement and support usually occurs.
- C. **Teacher Assigned Detention Period.** Significant time expenditure and work completion is expected. A record is kept and parent/guardian contact in person or by phone occurs.
- D. **Formal Conference Between Student, Teacher, & Other School Personnel (division chairperson, counselor, special education teacher, etc.)** Prescriptive action will occur by some form of teacher action, i.e., student improvement contract, teacher detention. A record is kept of a student's commitment to corrective behavior. Parent/guardian contact in person or by phone occurs.
- E. **Office Referral/Formal Conference Between Student and One or More School Administrator.** Prescriptive action will occur, i.e., student contract, detention, apology, restitution, etc. A record is kept of the student's commitment to corrective behavior. The student will be given appropriate assignments to complete for class time missed and earn academic credit for work completed (1-5 days). A missed in-school suspension will result in additional in-school days assigned and in some cases, suspension from school. Parent/guardian contact in person or by phone occurs.
- L. **Short-Term Out-of-School Suspension.** The student is provided formal due process and is removed from school, campus, and activities and placed under the supervision/responsibility

Alternate Disposition Agreement (ADA) - is used only in cases where a possible behavior action could result in a Long Term Suspension. The ADA is given in lieu of the hearing with criteria the student must meet to stay in good standing.

Restorative Justice Practice - In addition or as an alternative to the above disciplinary actions, the administrator may utilize alternative interventions including but not limited to mediation, community service, and/or progressive behavior contracts.

A dangerous weapon may be defined as: "Any object which may cause a serious injury or fatal wound."

In the event a student of the district or a visitor is found to be in violation of this guideline, the school administration shall notify the police department. The school administration shall also suspend the student(s) involved and recommend expulsion in accordance with the board of education policies and laws of the state of Kansas.

In addition, any student using any object that could result in a fatal wound or serious injury to persons or property will be subject to this policy.

DRUG USE

The Shawnee Mission Board of Education, recognizing its responsibility to promote the health, welfare, and safety of the students of Shawnee Mission schools, adopts the following policy to assist in the protection of students from dangers, which result from the abuse of restricted substances:

The possession, use, transfer, or sale of a restricted substance (drugs) as defined by state statutes on public school property at public school activities is expressly prohibited. Any student violating this policy will be suspended or expelled from school.

SAFE SCHOOLS

It is our goal to provide an emotionally and physically safe environment for each child. Safety expectations will be taught at the beginning of the school year by the principal and the teachers. This information will be reinforced continually. As part of the safety orientation, students will regularly practice fire, tornado, and lockdown drills. We will provide an emotionally safe environment for each student. We will assist our students in understanding that bullying and any kind of harassment will not be tolerated. *If your child has a problem, please let the school know immediately and an appropriate action will be taken.* Students may also use the district-wide bullying app to report incidents or issues.

Please join us in teaching your child about safety in all areas. Review the district policy on student weapons and emergency safety interventions.

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

Notification and Documentation

The principal or designee shall notify the parent, the same day as an incident. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contact the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day of the incident. Such written documentation shall include: (A) The events leading up to the incident; (B) student behaviors that necessitated the ESI; (C) steps taken to transition the student back into the educational setting; (D) the date and time the incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who used or supervised the ESI; (E) space or an additional form for parents to provide feedback to comments to the school regarding the incident; (F) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and (G) email and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when documenting the items in subparagraphs (A), (B) and (C) if the triggering issue necessitating the ESIs is the same.

The parent shall be provided the following information after the first and each subsequent incident during each school year: (1) a copy of this policy which indicates when ESI can be used;

(2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by email. Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address containing such information.

Law Enforcement, School Resource, and Campus Security Officers

Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy.

If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention, or report to the state department of education any law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

Documentation of ESI Incidents

Except as specified above with regard to law enforcement or school resource officer use of emergency safety interventions, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the ESI,
- Type of ESI,
- Length of time the ESI was used,
- School personnel who participated in or supervised the ESI,
- Whether the student had an individualized education program at the time of the incident,
- Whether the student had a section 504 plan at the time of the incident, and
- Whether the student had a behavior intervention plan at the time of the incident.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent's designee on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

Reporting Data

District administration shall report ESI data to the state department of education as required.

Parent Right to Meeting on ESI Use

After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent's request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

For a student with an IEP or a section 504 plan such student's IEP team or section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan or amend the behavior intervention plan if already in existence.

For a student with a section 504 plan, such student's section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private schools shall help facilitate such meeting.

For a student without an IEP or section 504 plan the school staff and the parent shall discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional

behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

Local Dispute Resolution Process

If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below.

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state department of education and shall be mailed to the parents and the state department within 30 days of the board's receipt of the formal complaint.

If desired, a parent may file a complaint under the state board of education administrative review process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

If the transfer application is approved, a dependent child of a school district employee may attend a district program without payment of tuition except where the child will be attending a fee-based program in which case the parent will be responsible for payment of applicable fees.

standing. Students determined not to be in “good standing” (academically, behaviorally, or with regard to acceptable attendance levels), may be withdrawn from the Shawnee Mission School District at any major grading period (1st Quarter, 1st Semester, 3rd Quarter, and 2nd Semester). In-District students will be eligible based upon existing staff, class size, facility space/capacity/enrollment, and the availability of equipment and supplies.
